Welcome LETTERS

A Letter From the President

On behalf of the Panhellenic Association, it is with great joy that I welcome each and every one of you to Mizzou and to the formal recruitment process. As the President, it is an honor to share with you the love and passion I hold for our incredible community.

Three years ago, I decided to take a chance on an organization that promised friendship, support, and endless opportunities for growth. What I found was so much more. Now, I am thrilled to witness the beginning of your own journey and am here to guide and support you every step of the way.

As you embark on this exciting chapter of your college experience, know that you are joining a community that values and respects you for who you are. Embrace the opportunity to connect with others, to discover your strengths, and to make a positive impact on those around you.

I understand the recruitment process can evoke a range of feelings, from excitement to apprehension. My biggest piece of advice as you enter these

environments is to remain open-minded and true to yourself. Don't be afraid to step out of your comfort zone, and always remember that your voice matters. Above all, cherish every moment and opportunity to connect with potential and current members. These bonds could become some of your most treasured memories!

I am confident that the Panhellenic community has something unique and meaningful to offer each of you. Whether it's finding your voice in leadership, excelling academically, giving back to your community, surrounding yourself with diverse perspectives, or simply finding a supportive group of friends, there is a place for you here.

I am thrilled to welcome you into our organization and cannot wait to witness the incredible impact you will make. Together, let us write the next chapter of the Panhellenic story - one filled with love, acceptance, and endless possibilities.

Welcome home,

AUDREY STOWE

President of the Panhellenic Association Executive Board

A Letter From the Recruitment Team

Dear Potential New Members,

Welcome to Mizzou Panhellenic Primary Recruitment 2024! We are beyond excited that you're interested in joining our community and we are here to welcome you with open arms.

We are writing this letter to you all in hopes of easing some of your nerves for the Primary Recruitment process, as it can be difficult and confusing to those who have never experienced it before. Primary Recruitment week will be full of many emotions, and we are here for every single one of you each step of the way.

First, let us be honest, real, and transparent with you all. We are just as nervous as you are. We have spent lots of time preparing for this week, and we are SO nervous that you won't love us, but you can be sure that we WILL love you. Our community has worked tremendously hard to ensure that this process will lead you to an empowering and uplifting future home. We are thrilled that you have shown interest in joining our community, and each member of the Panhellenic community, along with the entire Mizzou community, wants you to find a home where you feel uplifted, comfortable, and supported.

Whether you know a lot or nothing about sorority life, we want you all to let that all go. Any preconceived ideas, opinions, or stereotypes will hurt your experience for this week. The best advice we can give is to keep an open mind in order to get the most out of this process and succeed! Those who may speak down or negatively about sororities certainly do not see the intelligence, drive, and grace this entire community holds. The Panhellenic community is filled with so much honor, love, and support between every single member and chapter.

Finally, like we said before, start this process with an open mind and end this process with one as well. Try not

to let anyone influence your decision throughout this journey, because it is YOUR journey, not anyone else's. We absolutely encourage you to talk through your thoughts and feelings with your Panhellenic Counselors, and us, but at the end of the day you are you. YOU know where you belong, so please please stay true to yourself. Primary Recruitment can be emotionally and mentally exhausting, but it has the most rewarding ending and will lead you to where you are meant to be. We are so honored to be in positions that see you through the start of your college experience.

With love always,

Samantha Chapman
Vice President of Recruitment-External

Meet the Panhellenic Presidents

Chapter presidents are integral to the success of the Panhellenic Association. Each of them serves as a leader for their chapter by prioritizing the well-being of their chapter members. These members strive to make the Panhellenic community even stronger and hold themselves to the highest standards. We hope the impression being set by the 2024 Chapter presidents will continue with our incoming class of Potential New Members (PNM).

Meet the Panhellenic Delegates

The Panhellenic delegates act as liaisons between their individual sororities and the Panhellenic Executive Board. Delegates attend weekly meetings and cast their chapter's vote on all business matters. These delegates help direct their sororities toward working together as a Panhellenic community.

A Letter From the VP of Diversity, Equity & Inclusion

Dear Potential New Member,

To be honest, the days leading up to recruitment were among the most nerve-racking of my life. I had never considered joining Greek Life before submitting my application on a whim a day before they closed, and even then I was so unsure. I was terrified that I wouldn't find a place where I truly belonged—a place that accepted me for who I am. Now, years after finding my home, I can confidently say that I've never been more thankful to be a part of such an empowering, uplifting, and dedicated community like the one I found in PHA.

Anyone who knew me before can confirm how shy and nervous I was, especially when it came to pursuing the things I'm passionate about. Now, thanks to the friends I've made and the mentors I've had in PHA, I've been able to step far out of my comfort zone and become a leader and an advocate for the things that I care about. If it weren't for the people I met in this community, I wouldn't have had the incredible opportunities or learned all the new things I've learned by participating in such an amazing organization.

While my experience in PHA has been incredibly uplifting, it's important to acknowledge that the community is not perfect. Historically, Panhellenic organizations have not been inclusive to those who weren't white, non-disabled heterosexual women. As a queer person, knowing this fact was one of the reasons I was nervous to join at first. However, the change that has come about in recent years has helped ensure that our spaces are significantly more inclusive and welcoming to the diverse group of people who wish to join. Witnessing and playing a role in this change has been an incredible opportunity for me because I've seen just how inclusive this environment can be. Still, we recognize that there is always work to be done. The harm brought to marginalized communities through the exclusionary history of these organizations must be acknowledged. To continue to create an environment where everyone feels safe to be themselves, we must continue to pursue education, accountability, and intentional and tangible action to address the oppressive systems that have plagued the community throughout history.

As the Vice President of Diversity, Equity, and Inclusion, or V.P. DEI, I've gotten the opportunity to work with DEI officers from every single chapter, each one presenting a unique perspective on our community. Yet every single one of us is unified by a single goal-- to foster positive change and work towards a more inclusive, equitable, and accessible future. And this isn't a goal that's just represented through DEI officers. In every chapter and every position, there are leaders who are implementing new strategies and ideas that create tangible change. The change I hope you will be able to see and build upon throughout your time in PHA.

If I have one piece of advice for you as you approach recruitment, it's to ask meaningful questions and engage in challenging conversations. We hope you feel empowered to talk with active members, Panhellenic counselors, or the executive board about our community's commitment to inclusivity and the aspects of DEI that resonate most with you. We are so excited that you're interested in being a part of our community and we can't wait to see you in the fall!

With Panhellenic love,

Jules Duffin

Meet our Panhellenic Counselors

Your Panhellenic Counselors (Pi Chis) will be some of the first people you'll meet at the University of Missouri. These sorority members embody Panhellenic values, are carefully chosen, and serve to help Potential New Members (PNMs) have the most positive primary recruitment experience possible. Their purpose is to guide you through recruitment as confidants and friends. They'll be able to answer many of your questions about recruitment because they have gone through extensive training leading up to recruitment. Panhellenic counselors are disaffiliated from their respective chapters in order to best represent the Panhellenic community as a whole. They will keep all of your questions and concerns confidential and will remain neutral towards chapters throughout primary recruitment.

When you check in for recruitment on Aug. 10, you'll be assigned to a Panhellenic counselor group that's composed of roughly 60 other PNMs and led by three or four counselors. At the beginning of formal recruitment week, you'll have daily meetings with your group, where important information about recruitment will be shared and discussed. This gives you the opportunity to meet many wonderful people to start your first days at the University of Missouri.

Rules & Policies

Expectations of Potential New Members

You will keep an open mind and do your best to ignore stereotypes for chapters.

You are to be respectful to the Pi Chis, recruitment team and other PNMs.

AS PANHELLENIC MEMBERS OF THE UNIVERSITY OF MISSOURI, THESE ARE THE TENETS BY WHICH WE STRIVE TO LIVE.

Our Values

SERVICE

Giving back to the community is at the root of what we do as sorority members. Our 14 chapters host annual philanthropy dinners and events benefiting causes such as St. Jude Children's Research hospital and local non-profits such as True North of Columbia. These events raise approximately \$100,000 collectively each year.

The Panhellenic Association at the University of Missouri strives to support our campus and community by holding events with our PHA Service Board, sponsoring local non-profits such as Caring for Columbia, and using our platform to share initiatives.

SCHOLARSHIP

Being a sorority member at Mizzou is synonymous with being a high-achieving student in the classroom. Members of our PHA community are some of the most successful students in their respective programs and majors, including law, education, nursing, business, journalism and more. In order to remain an active member, GPAs must be maintained throughout membership.

As a whole, our all-sorority GPA average is consistently higher than all-female and all-university averages. Nearly 63% of PHA members were on the dean's list. The all-sorority 3.473 GPA reflects every chapter's hard work in maintaining study hall hours to assist with time management and tutoring programs to create an environment in which you can excel. No matter what chapter you join, you can expect academic success to be of the highest importance.

LEADERSHIP

Leadership opportunities are endless within the Panhellenic community. The leadership and interpersonal skills that PHA members gain within each chapter make all sorority individuals strong, independent and confident leaders. As a chapter officer or leader, you can develop management and communication skills and have opportunities to experience different roles in your chapter. Each chapter provides educational programming to help you refine your time management, leadership, networking and communication skills.

You can find Panhellenic members in all facets of campus leadership, whether it is Summer Welcome leaders, Mizzou Alternative Break site leaders, campus tour guides, academic department ambassadors or members of the Missouri Students Association. With more than 600 organizations on our campus, every Panhellenic member is encouraged to get hands-on experience and get involved across campus.

SISTERHOOD

Making life-long friends is the quintessential sorority experience. The sisterhood that you find within each of our Panhellenic chapters, as well as a sense of sisterhood we feel PHA-wide, is unparalleled. Our sisters come from all walks of life, and the value we place on diverse and unique experiences is what makes our sisterhood so strong. We welcome sisters of all races, religions, sexual orientations, backgrounds, socioeconomic statuses and belief systems. The one-of-a-kind sisterhood that challenges us, supports us and changes us can only be found at Mizzou.

At the local level, members support memorymaking and retirement centers; at the national level, we partner with our philanthropic partner, the Alzheimer's Association. Alzheimer's disease is the third leading cause of death in women and thus motivates our members to find a cure. To date, Sigma Kappa has donated over 10 million dollars through fundraisers for the Walk to End Alzheimer's! The chapter also participates in Inherit the Earth and the Maine Seacoast Mission, which are our other beneficiaries. Sorority Life

AT THE UNIVERSITY OF MISSOURI

HOMECOMING

Back in 1911, when Chester Brewer invited alumni to come home for the Missouri-Kansas football game, he couldn't have envisioned it would become Mizzou's biggest annual tradition. That first call to "come home" drew a crowd of 9,000+ – and it's grown ever since. Organizations and fraternities and sororities pair up and work together to place first overall based on various events. This includes collecting food for Tiger Pantry, donating and volunteering at the nation's largest, student-run blood drive, performing in talent shows, skits and dances, helping Decorate the District, creating Campus Decorations, which are 16 feet tall and match the chapters' themes, and participating in the Spirit Rally and Parade.

GREEK WEEK

Greek Week is a period in April where fraternity and sorority chapters participate in programs and events that celebrate the values of the Office of Fraternity & Sorority Life. Its mission is to foster individual and communal growth within the four councils by organizing events centered around hands-on service, sportsmanship and teamwork. Greek Week benefits local and national organizations in need of funding to keep their operations and programs running. The program attempts to benefit a wide variety of causes when selecting different beneficiaries and strives to impact our global, national, regional, local and campus communities.

PHA Recommends

Prioritize yourself

This week you will be transitioning to your new home as a college student as well as taking on primary recruitment. This will make for a long week. It is important to remember to prioritize yourself. This includes your physical and mental well-being. Be sure to hydrate, fuel your body with food, get as much sleep as possible, wear comfortable shoes (you will be walking a lot), and wear sunscreen!

Take notes

Recruitment week is long, and the days start to blend together. To avoid forgetting what you discussed with certain chapters, take notes each round. PHA recommends making a notes page on your phone and trying to write down your conversations, how you felt at the chapter, and if you could see yourself fitting in there! PRO TIP: If you can remember a member's name after you leave, that's a sign of a good conversation.

Ask questions

The Panhellenic Association Executive Board, the Recruitment Team and Panhellenic Counselors are here to help you. Never be afraid to ask questions or clarify something because we understand that everyone comes from different backgrounds and has varying knowledge of sorority life. We encourage you to ask chapter members questions as well. You want to know just as much as they are wanting to know about you. Some questions could be: What does a day in the life look like? How is living in the chapter house? Or how does the chapter help with academic success? Asking questions is a vital aspect of the recruitment process and finding the place that is most tailored to you.

Trust yourself

It is easy to let others' choices and opinions influence you this week. Remember that your recruitment is different from everyone else's. Do not let anyone put pressure on you to make a decision, including family members and friends. Our biggest advice is to trust your gut when making these decisions and preferencing chapters. Everything happens for a reason, and you will end up in the place that you were meant to be. Make this decision by thinking of yourself because each of you are intelligent individuals, just trust yourself.

ESSENTIALS

- extra ponytail holders
- bobby pins
- bandages
- hairbrush
- deodorant
- portable phone charger

- feminine hygiene products

- mints

frequently asked *questions*

What is Primary/Formal Recruitment?

The primary recruitment process is set up so each PNM can get to know each sorority chapter before deciding to commit to the organization that is best for them. If you decide to go through primary recruitment, you will move into your residence hall a week before school starts in the fall. To make the process easier, you will be assigned to a Panhellenic counselor group. Each day of recruitment consists of planned social events. For example, Philanthropy Round focuses on each chapter's community service work while the Sisterhood Round allows the sorority members to showcase their sorority house and what makes them unique. These events will help you figure out the goals, values and personality of each chapter, and they will help you decide which chapter is best for you. Keep in mind that recruitment is a mutual selection process, so while you decide which chapters you feel most comfortable with, the members in each chapter are also trying to determine which potential new members would fit best into their chapter.

Is Primary Recruitment the same thing as Informal Recruitment/Continuous Open Bidding (COB)?

No. Primary recruitment takes place at the beginning of the fall semester. COB takes place throughout the year. Not all chapters participate in COB nor begin COB until after primary recruitment. In order to participate in COB, you must complete an interest form. There is no cost associated with COB; however, completing the COB interest form does not guarantee that a sorority participating will contact a potential new member: nor that they will receive an offer of membership. Feel free to contact the Vice President of Recruitment-External for COB details and questions.

Is there a grade requirement to join a chapter?

There is no grade requirement set by PHA to go through primary recruitment, but each chapter has its own GPA standards for membership and retention. Because PHA and each chapter values scholarship, maintaining good grades is important to all sorority members. The average GPA for all sorority women at Mizzou in the fall semester of 2021 was 3.45, which was higher than all-women and all undergraduate GPA averages.

How much of a time commitment is being in a sorority?

Each sorority has basic time commitments and mandatory events such as chapter meetings and new member meetings once a week. Some chapters require study hours. Homecoming

is also a busy time in the fall. Time commitment for being a sorority member is large and can vary from one chapter to another. But many sorority members are able to manage sorority responsibilities, jobs or internships, academics and involvement in other campus organizations. If you are interested in joining a sorority but have concerns about the time commitment, feel free to ask members during recruitment how they balance their time.

Are members in different chapters friends with one another?

Mizzou's community of fraternities and sororities has many opportunities for members of different chapters to meet and create friendships. Social, leadership and service events give members in different sororities the chance to socialize. Making friends from other sororities helps strengthen our community. By participating in primary recruitment, a PNM has the opportunity to meet members in their Panhellenic Counselor group and can maintain these friendships even after joining different chapters.

When does a sorority member get to live in her chapter house?

Each chapter has a different housing policy; however, most chapters have members move into their houses first semester during their second year of membership. During recruitment, PNM's are encouraged to ask about housing specifics.

What if I go through the recruitment process and decide that joining a sorority is not for me?

If a PNM decides during recruitment that joining a sorority is not for them, they may withdraw at any time during the process. PHA encourages PNM's to complete the process and discuss withdrawing with their Panhellenic counselors. However, the decision to withdraw is determined by the PNM. Upon deciding to withdraw, there will be paperwork to complete.

How will I know which Panhellenic chapter is right for me?

Each sorority has its own mission, creed and values that it lives by. However, overall, Panhellenic organizations strive to provide members with friendship, opportunities for personal growth/development and fun. Primary recruitment is a process designed to allow you and the chapters to decide on the best fit. As you go through the process, be sure to keep an open mind, ask questions, and be yourself!
